KNEF**

“Wishing you peace and joy all season long. Happy Holidays!”

**Cherie, Vice President
KNEF**

Merry Christmas and Happy Holidays! We are pleased to share with you our exciting Year in Review for 2023!

From the KNEF Directors, Board, staff, and their families, we wish you and your family a very Merry Christmas and a Happy New Year! Read on to learn more about the hard work accomplished at KNEF all year.

**Big thanks for your support, and
get ready for exciting things
happening in the New Year!**

Happy Holidays!

What a great year!

January and February

As we emerged from COVID lock downs, the school term looked a lot different this year. Our graduation was postponed to December when all the children moved up a grade, and our new school term began in January.

The teachers started out the year with national pride, teaching all the students to sing the national anthem along with their other lessons.

In February, the children made Valentine's Day cards for their families and received new notebooks and textbooks.

March and April

March was a whirlwind at Harvest! We had a visit from royalty, Ms. Nana Gyamfua Kromo III, the Queen Mother of Offuman, who gave our teachers an amazing professional development day.

Our students went all-out in celebrating Ghana's Independence Day on March 6, rocking traditional outfits and learning about their roots and the beauty of their culture.

Our teachers also covered road safety, teaching the students to look both ways before crossing. Safety first!

In April, our students had some rest and relaxation during Easter break. They returned with energy to complete the school year at Harvest!!

May, June and July

May kicked off with a bang as we began expanding our school and constructing an awesome new classroom. This will allow for more students and higher grade levels! Everyone is looking forward to completion.

As for June and July, it is usually summer break, but our students took only a brief break before diving back into their studies and prepping for exams like total champs.

September and October

In September, the students took their final exams and were ready after only a very short year to move up to a new grade level. Congratulations to the students! That same month, we conducted a small graduation ceremony to honor their achievements.

After working hard all year, the students started a new school year in October, as we work toward the timetable of previous school terms.

Our teachers conducted a wonderful workshop on using clay in which the whole school participated. Their artwork was impressive and they learned a lot!

Great Job!

ONGOING FUNDING PROJECTS

Sponsor

SPONSORING A HARVEST SCHOOL STUDENT:

New terms start with sponsored students receiving new textbooks and school supplies. The sponsorship also enables us to provide free transportation to these students everyday. It is with great appreciation that we thank our sponsors for their support during challenging economic times. It makes a world of difference to the students!

Build

SCHOOL INFRASTRUCTURE FUNDING:

School infrastructure funding helps Harvest School and students with everything from gas to keep the school bus running to adding classroom space. Our expansion project to build six new classrooms is well under way, and we couldn't be more excited! Global inflation is jeopardizing the student sponsorship programs we already have in place and ones in the future. KNEF Ghana is so thankful for the support received and hopeful for continued support and funding for the future.

Clean Energy

SOLAR PANELS:

Last year we made great strides in funding solar paneling to provide the school with clean, consistent energy to help them tackle 21st century learning. We need your support to go the final mile in completing this very important project!

OUR TEACHERS

When our Harvest students get sponsored, a portion of that money goes straight into crafting a top-notch teaching team that creates an exciting and knowledge-filled atmosphere!

Harvest school teachers work hard to keep the school going on a daily basis, and bring out the best in their students. This year's teachers are Rita Asantewaa, Vida Dorgur, Juliana Kunmogli and Portia Owusuaa.

Everyone in the KNEF community, and the students, thank them for their dedication!

THANK-YOU TEACHERS!

Looking forward to next year!

The end of the year is like a carnival of cheer, but for Harvest School, it's a bustling hive of activity! As students complete the month of December, they are working hard on exams and looking forward to the holidays!

The students will be participating in a festive and well deserved Christmas party on December 19th, which will be loads of fun! To keep up with the party and other activities, find more photos [@KNEFGHANA](#) and [@Knef_ghana](#) Can't wait to see you there!

Everyone from KNEF and Harvest School wishes you a:

**VERY MERRY CHRISTMAS
AND A
HAPPY NEW YEAR!**
